graph LR; S1[Сервер СХД] --- Bus; S2[Сервер СХД] --- Bus; S3[Сервер СХД] --- Bus; subgraph LAN; Bus; end
```

The diagram illustrates a network topology where three storage servers, each labeled 'Сервер СХД' (Storage Server), are connected to a common LAN. The servers are arranged vertically on the left. A thick vertical line on the right represents the LAN bus. Each server is connected to this bus by a horizontal line, indicating a shared network environment.
